MEMORANDUM FOR: Deputy Director for Administration

FROM:

Director of Security

SUBJECT: Office of Security Significant Activities
Week of 4 - 9 February 1988

1. This memorandum is for information only.

2. The activities of the Office of Security (OS) during the week of 4 - 9 February 1988 were highlighted by the following items:

~~SECRET~~

25X1

g. OS information systems security personnel met with NSA representatives to introduce system engineering concepts into the DCID 1/16, which will allow for Agency designed and engineered security mechanisms to be approved. On 5 February, an agreement was attained within the entire intelligence community on language and concepts, and the outstanding issues which remain are in the areas of resources, scope, applicability, and authority.

h. OS information systems security personnel are participating in development of a DS&T project entitled CTLAN, which will internet Agency contract teams for the purpose of enhancing the sharing and storage of contracting plans. OS officers will attend the monthly working group meetings and establish security requirements throughout the life cycle of this system.
